Re: Request for Expedited Review on Docket 2009-333-T and 2009-334-T
Date: August 6, 2009

Mr. Terreni, I am formally requesting the Commission, in its August 12, 2009 meeting, to consider an expedited review on my application for Class C Charter and Non Emergency Transportation due to my company's need to begin operations as soon as possible.

I appreciate your and the full Commission's time and serious consideration in this matter.

Please feel free to contact me directly if I can answer any questions. Thank you.
